**Notes to financial statements for the accounting year 2009**

**1. ACCOUNTING PRINCIPLES**

The financial statements of Bertelsmann AG have been prepared in accordance with the accounting principles of the German Commercial Code (HGB) for large corporations and the additional regulations of the stock corporation law (Aktiengesetz). The option of applying the new provisions of the Accounting Law Modernization Act (BilMoG) in the version dated May 25, 2009, was not exercised.

**2. BALANCE SHEET AND INCOME STATEMENT PRESENTATION**

For the sake of clarity certain items in the balance sheet and in the income statement have been combined. These items are reported separately in the notes to the financial statements.

The income statement has been prepared according to the nature of expense method.

**3. ACCOUNTING AND MEASUREMENT POLICIES**

The accounting policies have been applied consistently with those used in 2008.

**Intangible assets, property, plant and equipment**

Intangible non-current assets and property, plant and equipment are carried at cost. Depreciation/amortization schedules and methods are employed on the basis of tax regulations. Both the straight-line and diminishing balance methods are employed. When the diminishing balance method is employed, the straight-line method of depreciation is substituted as soon as the depreciation amount is greater. The effect of the substitution is not material. Useful lives applied for depreciation/amortization correspond with those published in official Tax Department bulletins. Due to a tax rule change, assets acquired after December 31, 2007 must be depreciated using the straight-line method only, and low-value business assets with a cost of less than € 150 are reportable as other operating expense in the year of acquisition.

**Financial assets**

Financial assets are stated at their acquisition cost. They are written down to their lower net realizable value if there is a probable permanent diminution in value. A reversal of impairment loss is made once the reasons for impairment no longer apply. Depending on their coupon rate, long-term loans are either recognized at nominal value or at lower present value.

**Receivables and other assets**

Receivables due in more than one year's time are carried at present value; all other receivables and other assets are carried at nominal value. Specific valuation allowances are recorded for all identifiable risks, reducing total assets.

**Securities**

Securities are carried at the lower of cost or market price on the balance sheet date.

### **Cash and cash equivalents**

Bank balances, cash-in-hand and checks are carried at nominal value. Foreign currency holdings are carried at the applicable exchange rate on the balance sheet date.

### **Provisions**

The provisions for pensions and similar obligations have been calculated actuarially using the tax-based entry-age-normal method and using a discount rate of six per cent. Interest expense included in the addition to pension provisions has been classified as financial expense in the income statement.

Tax provisions and other provisions are valued according to the prudent business judgment.

### **Financial debt and other liabilities**

Financial debt and other liabilities are stated at their repayment amount.

## **4. TRUST ASSETS**

Security investments, securities, other assets, cash and cash equivalents transferred on trust to Bertelsmann Pension Trust e. V. in connection with the Contractual Trust Arrangements (CTA) are treated as still being economically owned by Bertelsmann AG.

## **5. CURRENCY TRANSLATION**

Unless covered by hedging transactions, foreign currency receivables are translated at the lower of middle-market exchange rates at their booking date or at the date of that balance sheet. Foreign currency liabilities are translated at the higher of middle-market exchange rates at their booking date or at the balance sheet date, unless covered by hedging transactions.

## **6. OTHER**

Johannes Mohn Gesellschaft mit beschränkter Haftung, Reinhard Mohn Verwaltungsgesellschaft mit beschränkter Haftung, Bertelsmann Beteiligungs GmbH and Mohn Beteiligungs GmbH have informed Bertelsmann AG, that they each hold more than one quarter of the shares. Johannes Mohn Gesellschaft mit beschränkter Haftung and Reinhard Mohn Verwaltungsgesellschaft mit beschränkter Haftung are holding their shares directly as well as indirectly.

## NOTES ON THE BALANCE SHEET

### 1 | INTANGIBLE ASSETS

	31/12/2009 €	31/12/2008 € millions
Patents and similar rights, licenses	1,468,105.00	2
	<b>1,468,105.00</b>	<b>2</b>

Intangible assets mainly relate to EDP programs acquired and to advance payments for such programs.

### 2 | PROPERTY, PLANT AND EQUIPMENT

	31/12/2009 €	31/12/2008 € millions
Land, rights equivalent to land and buildings	186,155,550.17	180
Technical equipment and machinery	330,980.00	-
Other equipment, fixtures, furniture and office equipment	27,437,942.76	31
Advance payments and construction in progress	285,414.28	8
	<b>214,209,887.21</b>	<b>219</b>

Property, plant and equipment is primarily leased to affiliated companies.

### 3 | FINANCIAL ASSETS

	31/12/2009 €	31/12/2008 € millions
Investments in affiliated companies	10,515,339,002.96	10,389
Participations	77,152.05	-
Security investments	549,130,405.34	559
	<b>11,064,546,560.35</b>	<b>10,948</b>

Financial assets, with a carrying amount of € 11,065 million, account for 77 percent of total assets.

Impairments on financial assets were € 258 million. In financial year 2009, the carrying amount in the investment of the Bertelsmann Inc., Wilmington, has been impaired by € 241 million to € 1,951 million. The fair value amounted to € 1,848 million. Due to the USD/EUR exchange rate expected on the long term, no write-down was made to the fair value.

The increase of the carrying amount in the investment of the Bertelsmann Capital Holding GmbH is due to a payment which was made in connection with the profit and loss transfer agreement between the Bertelsmann Capital Holding GmbH and RTL Group Deutschland GmbH at the amount of € 323 million.

Among the fixed-asset securities, € 519 million were shares in mutual funds held and managed by Bertelsmann Pension Trust e.V. Their purpose is to hedge and fulfill the pension obligations of Bertelsmann AG and certain subsidiaries.

**MOVEMENTS IN NON-CURRENT ASSETS**

#### 4 | RECEIVABLES AND OTHER ASSETS

	Maturing after more than 1 year	31/12/2009	31/12/2008
	€	€	€ millions
Accounts receivable from affiliated companies	-	1,545,734,534.65	2,035
Accounts receivable from participations	-	7,508.90	-
Other assets	81,088,247.80	105,654,867.70	124
		<b>1,651,396,911.25</b>	<b>2,159</b>

Among the receivables from affiliates, € 466 million involve companies in Germany and € 1,080 million involve companies abroad. The decline in receivables stems primarily from the repayment of a loan to Reinhard Mohn GmbH, Gütersloh of € 317 million.

The other assets consist primarily of the corporate income tax credits from the former tax credit procedure. This will be repaid over a period of eight years.

The SAP licenses reported last year under inventories will henceforth be disclosed under other assets.

Among the other assets, € 81 million is held in trust and is inaccessible.

#### 5 | SECURITIES

	31/12/2009	31/12/2008
	€	€ millions
Other securities	78,638,510.41	189

The other securities include a € 76 million bond issued by Bertelsmann U.S. Finance LLC, Wilmington. Securities of € 2.6 million are held in trust and are inaccessible in order to secure certain employee entitlements.

#### 6 | CASH AND CASH EQUIVALENTS

	31/12/2009	31/12/2008
	€	€ millions
	1,266,818,761.54	705

The increase of cash and cash equivalents is stemmed primarily from higher dividend payments by different affiliated companies abroad, whose shareholders are linked directly or indirectly to Bertelsmann AG through profit and loss transfer agreements. € 63 million of the cash and cash equivalents are held and administered by trustees.

#### 7 | PREPAID EXPENSES

	31/12/2009	31/12/2008
	€	€ millions
Debt discount	9,092,645.59	10
Other prepaid expenses	1,387,652.47	2
	<b>10,480,298.06</b>	<b>12</b>

The discount stems from the bonds totaling € 2,500 million issued by Bertelsmann AG in 2005, 2006 and 2009 and the promissory notes placed in 2008 and 2009. The discount is amortized on a straight-line basis over the terms of the bonds.

## 8 | SUBSCRIBED CAPITAL

	31/12/2009 € 1,000,000,000.00	31/12/2008 € millions 1,000
<u>Subscribed capital</u>		

The share capital is divided into 83,760 shares without a par value.

## 9 | PROFIT PARTICIPATION CAPITAL

	31/12/2009 € 515,624,227.75	31/12/2008 € millions 516
<u>Par value</u>		
<u>Premium</u>	190,397,135.80	190
	<b>706,021,363.55</b>	<b>706</b>

At December 31, 2009 profit participation certificates of a nominal € 515,624,227.75 was admitted for trading on the stock exchange. Of this amount, € 498,639,860.00 relates to the 2001 profit participation certificates (ISIN DE0005229942) and € 16,984,367.75 to the 1992 profit participation certificates (ISIN DE0005229900).

The conditions for the 2001 profit participation certificates foresee that, for each complete financial year, the distribution of 15 per cent of the nominal amount will always be distributed if after an adjustment for impairments of goodwill that negatively affect earnings, there is sufficient group net income and net income at Bertelsmann AG, increased by any profits carried forward and reduced by any losses carried forward and contributions to the legal reserves. To the extent the total return on capital of the group in any one year is negative, the profit participation certificates is attributed a share of the loss. The share of the loss is determined as a percentage of the total negative return on capital to the nominal value of the profit participation certificates. This share of loss is to be offset by shares in profits in subsequent years. In the event of liquidation or bankruptcy, repayment claims by the holders of the profit participation certificates will be subordinated to the claims of third-party creditors.

The distribution on the 1992 profit participation certificates depends on the total return on capital employed for the group, calculated according to § 4 of the conditions of issuance of the profit participation certificates 1992.

## 10 | RETAINED EARNINGS

	31/12/2009 € 100,000,000.00	31/12/2008 € millions 100
<u>Legal reserve</u>		
<u>Other retained earnings</u>	1,773,000,000.00	1,773
	<b>1,873,000,000.00</b>	<b>1,873</b>

#### **11 | UNTAXED RESERVES**

	31/12/2009 € 3,924,558.31	31/12/2008 € millions 4
--	---------------------------------	-------------------------------

The untaxed reserves relate to roll-over relief according to § 6b of the German Income Tax Law (EStG).

Movements in untaxed reserves were as follows:

	31/12/2008 € 4,025,349.71	Additions € -	Disposals € 100,791.40	31/12/2009 € 3,924,558.31
Land, rights equivalent to land and buildings				

#### **12 | PROVISIONS FOR PENSIONS AND SIMILAR OBLIGATIONS**

	31/12/2009 € 187,038,805.59	31/12/2008 € millions 182
Pensions		

In 2009, payments were made for pension obligations in the amount of € 12 million.

The provision has been calculated actuarially using the entry-age-normal method according to § 6a EStG and using a discount rate of six per cent. The calculation of the provision was based on mortality and morbidity tables 2005 G issued by Prof. Dr. Klaus Heubeck.

#### **13 | OTHER PROVISIONS**

	31/12/2009 € 13,968,476.10	31/12/2008 € millions 17
Provisions for taxes		
Other provisions	69,062,553.19	57

The other provisions primarily relate to personnel costs of € 33 million and currency risks of € 24 million.

#### **14 | FINANCIAL DEBT**

	Maturing		31/12/2009 € 3,380,000,000.00	31/12/2008 € millions 3,250
	in less than 1 year € -	More than 5 years € 1,500,000,000.00		
Bonds				
Liabilities to banks	13,316.98	-	13,316.98	-
Other financial debts	66,312.30	-	66,312.30	-
	79,629.28	1,500,000,000.00	<b>3,380,079,629.28</b>	<b>3,250</b>

In January 2009, Bertelsmann AG issued a public bond with a volume of € 500 million and a five-year term. This bond was increased by € 250 million in April 2009. In the spring of 2009, Bertelsmann AG issued a € 30 million five-year promissory note. In the first half of 2009, Bertelsmann AG repaid a mature bond with a total volume of € 650 million.

The bonds and promissory notes are composed as follows:

- Bond € 500 million, term 06/10/2005 until 06/10/2015
- Bond € 500 million, term 26/09/2006 until 26/09/2012
- Bond € 1,000 million, term 26/09/2006 until 26/09/2016
- Bond € 750 million, term 16/01/2009 until 16/01/2014
- Promissory note € 500 million, term 25/02/2008, 31/03/2008 and 15/04/2008 until 25/02/2014
- Promissory note € 100 million, term 17/10/2008 until 17/10/2011
- Promissory note € 30 million, term 24/03/2009 until 24/03/2014

#### **15 | OTHER LIABILITIES**

	Maturing in less than 1 year €	More than 5 years €	31/12/2009 €	31/12/2008 € millions
Trade accounts payable	6,919,890.01	-	6,919,890.01	12
Liabilities to affiliated companies	2,985,531,810.48	-	2,985,531,810.48	3,193
Liabilities to participations	4,516,153.38	-	4,516,153.38	1
Other liabilities				
- Liabilities for taxes	29,307,476.94	-	29,307,476.94	23
- Liabilities for social security benefits	1,972,953.69	-	1,972,953.69	1
- Other	105,520,523.61	-	105,520,523.61	49
	3,133,768,808.11	-	<b>3,133,768,808.11</b>	<b>3,279</b>

Among the liabilities to affiliates, € 1,050 million involve companies in Germany and € 1,936 million involve companies abroad.

The reduction of liabilities to affiliates stems primarily from the repayment of a loan of Bertelsmann Music Group GmbH, Gütersloh of € 236 million.

The loan of RTL Group S.A., Luxembourg, of € 539 million and that of Gruner + Jahr AG & Co KG, Hamburg, of € 200 million are secured by a pledge of shares.

#### **16 | DEFERRED INCOME**

	31/12/2009 €	31/12/2008 € millions
Premium	6,259,139.69	-
Other deferred income	270,700.00	1
	<b>6,529,839.69</b>	<b>1</b>

The premium stems from the bonds of € 250 million issued by Bertelsmann AG in 2009. The reversal is on a straight-line basis over the terms of the bonds.

#### **CONTINGENT LIABILITIES**

	31/12/2009 Mio. €	31/12/2008 € millions
Liabilities from		
- Guarantees	531	707
- Warranties	1,097	1,309
	<b>1,628</b>	<b>2,016</b>

The guarantees are primarily made up of lease guarantees of € 207 million and guarantees of the repayment of debt by various companies within the Bertelsmann Group of € 244 million.

Bertelsmann AG has taken over the guarantee to holders of a € 750 million bond issued by Bertelsmann U.S. Finance, Inc. and a private placement of € 347 million (US \$ 500 million). These guarantees are shown as warranties.

Bertelsmann AG has issued 120 letters of comfort, with a volume on December 31, 2009 of € 43 million.

#### **OTHER FINANCIAL COMMITMENTS**

	31/12/2009 Mio. €	31/12/2008 € millions
Rental and lease obligations	88	92

Other financial commitments from rental and leasing contracts are shown at their discounted present values, based on payment obligations over the total contract period and discounted at 4.0 per cent. The disclosure is limited to those obligations with a present value exceeding € 2.5 million.

## **DERIVATIVES**

<b>Nominal values</b>	<b>31/12/2009</b>	<b>31/12/2008</b>
	Mio. €	€ millions

- with third parties	-	-
Commodity future transactions		
- with affiliated companies	-2	-
- with third parties	2	-
	<b>4</b>	<b>14</b>

Derivative financial transactions are used to control the risks from interest rate and currency fluctuations from the operations of the subsidiaries and from financial transactions. These transactions include forward-exchange transactions and interest rate swaps. Forward commodity transactions are also used to limit risks from commodity price fluctuations from operations. The transactions are only conducted with banks with a first-class credit rating. The derivatives' fair value is taken into account when assessing the risk of default. Contracting and documentation are subject to strict internal controls. Allowances are made for the risks from the transactions as of the balance sheet date.

The derivatives have terms of up to five years.

The fair value of forward-exchange transactions was determined on the basis of the applicable forward-exchange rate for the respective remaining term as of December 31, 2009, and discounted to the balance sheet date. The fair value of interest rate swaps was determined by discounting the future expected cash flows on the basis of the market interest rates and interest rate curve applicable on December 31, 2009. The fair value of forward commodity transactions was derived from the stock exchange listings published on the balance sheet date. Any discrepancies with the standardized stock exchange contracts are reflected through interpolation or additions.

## NOTES ON THE INCOME STATEMENT

### 17 | INCOME FROM PARTICIPATIONS

	2009 €	2008 € millions
Income from profit and loss transfer agreements	791,952,629.26	1,468
Income from investments		
- from affiliated companies	+46,778,672.19	95
- from third parties	+60,000.00	-
Expenses from loss assumption		
- from affiliated companies	-4,623,040.56	-5
- from third parties	-113,002.32	-
	<b>834,055,258.57</b>	<b>1,558</b>

Income from profit and loss transfer agreements stems primarily from the net income of Reinhard Mohn GmbH and Bertelsmann Capital Holding GmbH. Bertelsmann Capital Holding GmbH contributed profits of € 641 million (previous year: € 1,008 million), while Reinhard Mohn GmbH contributed € 138 million (previous year: € 433 million).

### 18 | OTHER OPERATING INCOME

	2009 €	2008 € millions
Income from costs re-charged to group companies	87,929,585.75	83
Leasing and rental income	24,144,091.64	22
Other operating income	123,553,621.22	165
	<b>235,627,298.61</b>	<b>270</b>

The increase in revenues from allocations to Group companies is the result of the expansion of IT services to subsidiaries.

The primary reason for the decline of other operating income lies in the reversal in fiscal year 2008 of provisions for threatened utilizations of credit line hedges for various subsidiaries and for threatened losses from loss of rent totaling € 36 million. This item also consists primarily of material and secondary revenues, currency and exchange rate gains, and income from the reversal of provisions.

Of the other operating income, € 34 million is attributable to earlier fiscal years.

### 19 | PERSONNEL COSTS

	2009 €	2008 € millions
Wages and salaries	103,715,000.50	107
Social security contributions	10,623,334.11	10
Pension expense	12,280,078.09	10
	<b>126,618,412.70</b>	<b>127</b>

As in 2008, interest expense related to pension provisions is included in financial result.

<b>NUMBER OF EMPLOYEES</b>	2009	2008
Average number of employees during the year	1,180	1,165

#### **20 | AMORTIZATION OF INTANGIBLE ASSETS AND DEPRECIATION OF PROPERTY, PLANT AND EQUIPMENT**

	2009 €	2008 € millions
Amortization of intangible assets	1,865,296.15	1
Depreciation of property, plant and equipment	13,367,904.74	15
<b>15,233,200.89</b>	<b>16</b>	

Impairments on intangible assets came to € 782,000 with impairments on property, plant and equipment at € 110,000.

#### **21 | OTHER OPERATING EXPENSES**

	2009 €	2008 € millions
<b>260,892,573.49</b>	<b>255</b>	
of which other taxes	1,860,435.15	1

The other operating expenses consist primarily of lease and repair expenses, administrative costs and allocations, and € 59 million in transfers to valuation allowances on Group receivables.

Of the other operating expenses, € 50,000 is attributable to earlier fiscal years.

## 22 | FINANCIAL RESULT

	2009 €	2008 € millions
Income from loans in non-current assets	-	+1
- from affiliated companies	-	-
- from third parties	+36.29	-
Interest and similar income receivable		
- from affiliated companies	+57,109,810.69	+70
- from third parties	+47,249,679.95	+29
Write-downs of investments	-258,411,998.62	-138
Interest and similar expenses payable		
- to affiliated companies	-52,479,114.53	-132
- to third parties	-198,947,253.97	-163
Interest element of addition to pension provisions	-10,383,552.99	-10
	<b>-415,862,393.18</b>	<b>-343</b>

Among the write-downs on financial assets, € 241 million is allocated to the valuation allowance on shares in Bertelsmann Inc., Wilmington.

Write-downs on current securities were € 174,000.

## 23 | TAXES ON INCOME

	2009 €	2008 € millions
	-6,087,318.72	-28

Total expenditure includes € 12 million in corporate income tax and trade income tax refunds for previous years and € 18 million in expenses for trade income tax, corporate income tax and foreign withholding tax for 2009.

<sup>1)</sup> External mandate

## **RENUMERATION OF THE SUPERVISORY BOARD AND EXECUTIVE BOARD**

---

The remuneration of the supervisory board for 2009 totalled € 1,320,000 plus value added tax. The members of the executive board received remuneration in 2009 of € 10,883,530, of which € 5,099,277 from Bertelsmann AG. Former executive board members and their surviving dependents received remuneration of € 3,962,437 from Bertelsmann AG. The provision for pension obligations to former executive board members at Bertelsmann AG amounted to € 38,664,040.

## **FEES TO EXTERNAL AUDITORS**

---

The expense for audit fees in 2009 include fees of € 1,132,427 for the audit of the financial statements, fees of € 466,101 for other reporting or valuation services and of € 419,522 for other services.

## **RECOMMENDATION ON APPROPRIATION OF UNAPPROPRIATED INCOME**

---

Probably on May 18, 2010 and in accordance with the by-laws, € 1,314,165,000.00 will be distributed to holders of the profit participation certificates out of Bertelsmann AG's unappropriated income of € 75,470,258.40, made up as follows:

for the 2001 profit participation certificates 15 per cent of € 498,639,860.00	74,795,979.00 €
for the 1992 profit participation certificates 3,97 per cent of € 16,984,367.75	674,279.40 €
	75,470,258.40 €

The executive board recommends to the annual general meeting that the unappropriated income remaining after distribution to holders of the profit participation certificates amounting to € 1,238,694,741.60 be appropriated as follows:

Dividends to shareholders	60,000,000.00 €
Carry forward to the new year	1,178,694,741.60 €
	1,238,694,741.60 €

## **LIST OF SHAREHOLDERS**

---

The complete list of shareholders, as required by § 285 no. 11 HGB, is filed with the elektronischer Bundesanzeiger as set out in § 287 HGB. The list is enclosed in a separate section of the notes to financial statements.

Gütersloh, March 9, 2010

## Management report

### **Business developments and situation at Bertelsmann AG**

Bertelsmann AG is a managing holding company that conducts its own operating activities at a low level. It is responsible for the management functions of the Bertelsmann Group and the administration of its investments and finances. In addition, it performs service functions for some areas of the Corporate Center. Furthermore, it is the parent company for tax purposes of most of its German subsidiaries. Its main income items are profit distributions from its subsidiaries and proceeds from services to the same. Internal financial management and reporting are conducted on the basis of the group's organizational structure, consisting of the five divisions RTL Group, Random House, Gruner + Jahr, Arvato, and Direct Group. This management report relates solely to Bertelsmann AG as a parent company. The Bertelsmann Annual Report includes a presentation of the development of business of the companies included in the consolidated financial statements of Bertelsmann AG.

### **Net Assets, Financial Position and Results of Operations**

Bertelsmann AG's **net income from other participations** of €834 million (previous year: €1,558 million) stems primarily from net income contributions from Reinhard Mohn GmbH and Bertelsmann Capital Holding GmbH. Bertelsmann Capital Holding GmbH contributed profits of €641 million (previous year: €1,008 million), while Reinhard Mohn GmbH contributed €138 million (previous year: €433 million). The decline in transferred earnings from Bertelsmann Capital Holding GmbH is attributable in part to a lower dividend than last year from RTL Group S.A., whose main shareholder is Bertelsmann Capital Holding GmbH. The transferred earnings from Reinhard Mohn GmbH in the previous year contained capital gains caused by the sale of shares in affiliated companies.

**Other operating income** of €236 million (previous year: €270 million) consists primarily of earnings from allocations to Group companies and profits from changes in the exchange rates. The primary reason for the year-on-year decline is the reversal in the financial year 2008 of a provision for threatened utilizations of credit line hedges for various subsidiaries and for threatened losses from loss of rent. **Other operating expenses** rose slightly to €261 million (previous year: €255 million). This includes expenses from currency positions and allocations to valuation allowances on Group receivables. **Net interest expenses** of €-416 million (previous year: €-343 million) include impairments of €258 million (previous year: €138 million) on financial assets. This is attributable primarily to valuation allowances of €241 million on shares in the subsidiary Bertelsmann Inc., Wilmington. (For details please refer to section 3 of the notes to the financial statements.)

**Personnel expenses** of €127 million (previous year: €127 million) and **write-downs** of €15 million (previous year: €16 million) were in line with the previous year's level.

**Net income from ordinary activities** fell to €251 million (previous year: €1,087 million) due primarily to the net investment income. **Income tax expenses** are €6 million (previous year: €28 million).

**Net income** reached €245 million, following €1,059 million in the previous year.

**Financial assets** rose from €10,948 million to €11,065 million in 2009. In addition to impairments of €255 million on shares in affiliates, this change stemmed primarily from the increase of the carrying amount of the Bertelsmann Capital Holding GmbH, which was caused by a payment which was made in connection with the profit and loss transfer agreement between the Bertelsmann Capital Holding GmbH and RTL Group Deutschland GmbH.

**Accounts receivable and other assets** came to €1,652 million (previous year: €2,159 million). These consist primarily of receivables from affiliates, which declined year-on-year by €489 million to €1,546 million. This drop is attributable primarily to the repayment of a loan to Reinhard Mohn GmbH of €317 million.

The main reason for the low level of **securities** of €79 million (previous year: €189 million) is that the bond in the amount of €46 million held last year matured on March 5, 2009.

With capital stock unchanged from the previous year at €1,000 million, total **equity** was €7,493 million as of December 31, 2009, corresponding to 66 percent of non-current assets. The notional amount of profit participation capital was unchanged from last year at €516 million. Including the premium of €190 million, profit participation capital totaled €706 million, as in the previous year. The 2001 profit participation certificates (ISIN DE0005229942) account for 97 percent of notional profit participation capital, while the 1992 profit participation certificates (ISIN DE0005229900) account for the remaining 3 percent. The payout distribution date for both profit participation certificates is expected to be May 18, 2010, and the approximate total distribution will be around €75 million. **Unappropriated income** of €1,314 million greatly exceed planned distributions to capital stock and profit participation capital.

**Other Provisions** increased over the previous year by €14 million to €270 million.

**Net financial debt** of Bertelsmann AG was reduced by €432 million in the financial year 2009 to €2,113 million. Besides a new borrowing in form of loans and promissory notes with the total volume of €780 million, Bertelsmann repaid a mature bond with a volume of €650 million. The new borrowings have a term of five years. The cash and cash equivalent have increased in comparison to the previous year by €562 million. This change stemmed primarily from higher dividend payments by different affiliated companies abroad, whose shareholders are linked directly or indirectly to Bertelsmann AG through profit and loss transfer agreements.

**Other liabilities** were €3,134 million (previous year: €3,279 million). This consists primarily of liabilities to affiliates, which declined year-on-year by €207 million to €2,986 million. This drop is attributable primarily to the repayment of a loan at Bertelsmann Music Group GmbH of €236 million.

### **Strategy**

Bertelsmann's core business is focused on media content and media-related services and production activities. While developing the existing businesses further, Bertelsmann is focusing on moving into new growth markets.

The Executive Board manages and develops Bertelsmann as a unified corporation. This means continually analyzing the structure of the businesses and Group portfolio. The Executive Board is focused on optimizing operations and utilizing organic growth opportunities close to the core business. Non-core businesses are sold as the market permits. The aim is to gradually enter new growth businesses with an eye on the financial targets.

In the financial year 2009, the work of the Executive Board was centered around developing and implementing measures to respond to the global economic crisis. Scenario analyses were used to simulate various courses the crisis might take, develop alternative options for action and define appropriate countermeasures. In addition to a cautious investment policy and greater orientation on cash flow in managing business, a series of measures were taken to ensure liquidity.

Bertelsmann remains committed to accelerating organic growth for the Group by optimizing the portfolio, investing in growth businesses and promoting innovation. The achievement of this goal must be seen in the context of the ongoing nature and ramifications of the global economic crisis.

### **Controlling Systems**

Bertelsmann's overriding financial objective is to continuously enhance the value of the company by steadily increasing its profitability. The central performance indicator for assessing the profitability from operations and return on invested capital is Bertelsmann Value Added (BVA). BVA measures the profit realized above and beyond the appropriate return on invested capital. This focus on enterprise value is reflected in strategic investment and portfolio planning and in the management of Group operations; as an element within the management compensation system, it is integral to all business activities.

All controlling values are calculated according to the IFRS. For more details see the annual report of the Bertelsmann Group.

### **Research and Development**

In terms of the creation of marketable products and services, research and development (R&D) is an integral part of Bertelsmann's business strategy. The Bertelsmann divisions mainly conduct these activities.

### **Financial Guidelines**

The primary objective of Bertelsmann's financial policy is to achieve a balance between financial security, return on equity and growth. Accordingly, the Group's financing policy is based on the requirements of a "BBB+/Baa1" credit rating and the qualitative/quantitative criteria pertaining thereto. Credit ratings and transparency are of great importance to Bertelsmann's financial security and independence.

The Bertelsmann Group is centrally financed by Bertelsmann AG and its financing company Bertelsmann U.S. Finance LLC. Bertelsmann AG provides the Group companies with liquidity and manages the issuance of guarantees and letters of comfort for Group companies. The Group forms widely a single financial unit, thereby optimizing capital procurement and investment opportunities.

Bertelsmann utilizes a financial control system employing quantitative financial targets concerning the Group's economic debt and, to a decreasing extent, its capital structure.

### **Financing Activities**

In January 2009, Bertelsmann AG issued a public bond in a €500 million transaction with a five-year term. This bond was increased by €250 million in April 2009. In the spring of 2009, Bertelsmann AG also issued a €30 million five-year promissory note. These financing activities were made in view of emerging difficulties on the capital markets and to further secure liquidity and pre-financing of pending maturities. In the financial year 2009, Bertelsmann repaid a mature bond with a total volume of €650 million.

## **Significant Events after the Balance Sheet Date**

On February 2, 2010, Bertelsmann submitted a cash offer for the 2001 profit participation certificates and asked holders to submit sales proposals at a rate of 180 percent. When the offer expired on February 22, 2010, the company had received sales proposals for 2001 profit participation certificates with a nominal value of €214.3 million, 43 percent of the outstanding volume. Bertelsmann accepted all the sales proposals on February 23, 2010. The previous maximum nominal buyback figure of €150 million was raised to €214.3 million in accordance with the conditions of the offer. The total purchase price therefore came to €385.7 million. The purpose of this initiative is to simplify the capital structure. Irrespective of the outcome of the public offer, Bertelsmann reserves the right to buy back other outstanding profit participation certificates on the market at a later time.

## **Risk Report**

### **Risk Management System**

The purpose of the Bertelsmann risk management system (RMS) is the early identification, evaluation and control of internal and external risks. The internal control system (ICS), an integral component of the RMS, controls and monitors the risks that have been identified. The aim of the RMS is to identify, at an early stage, material risks to the Group so that countermeasures and controls can be implemented. Risks are potential internal and external developments that can negatively affect the achievement of strategic, operational, reporting-related and compliance-related objectives of the Group.

The risk management process complies with recognized national and international norms and is organized in sub-processes of identification, quantification, management, control and monitoring. A major element of risk identification is the risk inventory that lists significant risks year by year, from the profit center level upward, and then aggregates them step by step at the division and Group level. This ensures that risks are registered where their impact would be felt. There is also a Group-wide semiannual re-assessment of critical risks and quarterly reporting with negative feedback. Ad hoc reporting requirements ensure that significant changes in the risk situation during the course of year are brought to the attention of the Executive Board. Identified and quantified risks are compared against management and control measures to determine the so-called net risk. A three-year risk assessment horizon is applied to enable the timely implementation of risk management measures. Risk monitoring is conducted by Group management on an ongoing basis. The RMS – along with its component ICS – is constantly undergoing further development and is integrated into ongoing reporting to the Executive Board and Supervisory Board. Corporate risk management committees and divisional risk meetings are convened at regular intervals to ensure compliance with statutory and internal requirements.

Under section 91 (2) of Germany's Stock Corporation Act (AktG), the auditor inspects the risk early warning system for its capacity to identify developments early on that could threaten the existence of Bertelsmann AG, then report its findings to the Supervisory Board. Bertelsmann AG Corporate Audit conducts ongoing reviews of the adequacy and functional capability of the RMS in the divisions of Random House, Arvato and Direct Group. The risk management systems of Gruner + Jahr is evaluated by divisional internal auditors and outside auditors. Any problems that are uncovered are promptly remedied through appropriate measures. The Bertelsmann AG Executive Board defined the scope and focus of the risk management system based on the specific circumstances of the company. However, even an appropriately designed and functional RMS cannot guarantee with absolute certainty that risks will be identified and controlled.

### **Accounting-Related Risk Management System and Internal Control System**

The following is a first-time description of the accounting-related RMS and ICS in response to new management reporting requirements under Germany's Accounting Law Reform Act (Bilanzrechtsmodernisierungsgesetz).

The objective of the accounting-related RMS and ICS is to ensure proper, reliable and punctual external and internal accounting in compliance with applicable laws. Reporting should present a true and fair view of Bertelsmann AG's net assets, financial position and results of operation.

Laws, accounting standards and other pronouncements are continually analyzed for their relevance to and effects on the annual financial statements. Documents such as the accounting guideline for individual financial statements subject to the German Commercial Code (HGB) communicate relevant requirements and, together with the financial statement calendar, form the basis of the process for preparing financial statements at Bertelsmann AG and the companies affiliated directly or indirectly with Bertelsmann AG through profit and loss transfer agreements. The Group's internal rules for accounting and the preparation of financial statements are made available without delay to all employees involved in the accounting process. Employees involved in the accounting process undergo regular training. Supplemental procedures and standardized reporting formats ensure a complete and accurate record of all accounting-related matters. Bertelsmann AG and its subsidiaries are responsible for complying with applicable guidelines and procedures and ensuring that their accounting-related processes and systems operate properly and on schedule. They are supported and monitored in this capacity by the Corporate Center. Internal controls defined by risk category are embedded in the accounting process.

The accounting-related ICS encompasses safeguards aimed at both prevention and discovery, including manual and IT-supported coordination processes, functional separation, the four-eye principle, and general IT measures such as controlled access to IT systems, change management and change monitoring. Circumstances that could lead to significant misinformation in the individual financial statements are centrally monitored by employees of Bertelsmann AG and verified by external experts as required. Central contact persons from Bertelsmann AG are also in continuous contact with the local subsidiaries to ensure that information is presented in a manner that complies with commercial and fiscal guidelines and that reporting deadlines and obligations are met. Another aim in introducing a globally binding control framework for the decentralized accounting processes by the end of 2010 is the realization of a standardized format for the accounting-related ICS at the level of the local accounting departments of all fully consolidated Group companies.

Corporate Audit evaluates the accounting-related processes in the course of its auditing activities. As part of their work, auditors are also required to report to the Audit and Finance Committee of the Supervisory Board any significant vulnerabilities of the internal control and risk management system relating to the accounting process that they identify in the course of their audit.

### **Significant Risks**

The significant risks for Bertelsmann AG are caused by the risks of her affiliated companies. The following significant risks for Bertelsmann were identified in the course of risk reporting:

### **Financial Market Risks**

Bertelsmann is exposed to various forms of financial risk. These include interest rate and currency risks in particular. These risks are largely controlled centrally by Corporate Treasury on the basis of guidelines established by the Executive Board. Derivative financial instruments are used solely for hedging purposes. Bertelsmann uses currency derivatives mainly to hedge recorded and future transactions involving foreign currency risk. Some firm commitments denominated in foreign currency are partially hedged when they are made, with the hedged amount increasing over time. A number of subsidiaries are based outside the euro zone. The resulting translation risk is managed based on economic debt in relation to operating EBITDA (leverage factor). Bertelsmann's long-term focus is on the maximum leverage factor permitted for the Group. Foreign currency translation risks arising from net investments in foreign entities are not hedged. Interest rate derivatives are used centrally for the balanced management of interest rate risk. The maturity structure of interest-bearing debt is managed on two levels: by selecting appropriate fixed interest rate periods for the originated financial assets and liabilities affecting liquidity, and through the use of interest rate derivatives. The liquidity risk is regularly managed and monitored on the basis of the planning calculation. Lines of credit at banks as well as appropriate liquidity provisions form a sufficient risk buffer for unplanned payments. Counterparty risks exist in the Group in invested cash and cash equivalents and in the default of a counterparty in derivatives transactions. Financial transactions and financial instruments are restricted to a firmly defined group of banks with an excellent credit rating. Against the background of the economic crisis, Bertelsmann has modified its internal guidelines on investment of cash and cash equivalents. Some of the investments are made on a very short-term basis so that the investment volume can be reduced if the credit rating changes.

### **Strategic and Operational Risks**

The risk position of Bertelsmann and its divisions was affected significantly by the global economic crisis in the financial year 2009. No sustained easing of the economic tension is anticipated for 2010. Steps have been taken in response to the economic crisis through the implementation of significant restructuring measures in specific businesses, a cautious investment policy and the establishment of liquidity reserves. The principal risks to the divisions stem from the precarious economic situation worldwide.

RTL Group is exposed to a risk of the economic downturn precipitated by the economic crisis causing advertising revenues to fall more sharply than expected. As a result, TV broadcasters may also curb expenditure on programming generated by the TV production subsidiary Fremantle Media. By diversifying its revenue base, RTL Group strives to reduce its reliance on the advertising markets. RTL Group relies heavily on new technologies. Customer accounts and creditworthiness are continuously reviewed.

At Random House, the continuing economic uncertainty can lead to declining consumer spending. This in turn yields an unchanged risk of losing customers due to insolvencies. The creditworthiness of customers is continuously monitored.

For Gruner + Jahr, the deteriorating economic environment brought about by the economic crisis and the ensuing further decline in advertising revenues continue to pose significant risks for 2010. Capacities are being adjusted to the shifting demand, and work is underway to find alternative sources of revenue. Gruner + Jahr has identified an ongoing risk that income in the distribution market (German Interstate Broadcasting Treaty, amendment of the German Federal Data Protection Act, etc.) and in the advertisement market (e.g., possible advertising restrictions in the automotive and food sectors and for products with energy consumption labeling requirements) may be threatened at both national and European level.

The trend at Arvato in the past year was dominated by the economic crisis and the ensuing drop in volumes. In response, Arvato undertook numerous measures to adjust its cost structures and make them more flexible. The greatest risk to Arvato lies in the ongoing uncertainty surrounding future economic development, although it does not expect the price situation to further intensify in 2010. However, if this expectation is not borne out, the pressure on profitability will increase while the consolidation tendencies already apparent in the relevant markets will intensify.

Direct Group is still subject to risk associated with an economically driven decline in purchasing power and negative changes in consumer spending behavior. Furthermore, all clubs are subject to the primary risks of the club business: insufficient customer acquisition, revenue per customer and customer retention. Heightened competition also poses a major challenge for clubs as new distribution channels arise.

### **Compliance Risks**

Bertelsmann, with its worldwide operations, is always exposed to a variety of legal risks ranging from litigation to varying interpretations of tax assessment criteria. Such matters do not pose any substantial risks to Bertelsmann from a current perspective.

### **Significant Changes Compared with the Previous Year**

Compared with the 2008 risk report, the slowing of the downward economic trend is resulting in some easing of economic risks.

### **Overall Risk**

No risks endangering Bertelsmann's continued existence were identified in the financial year 2009. Equally, from today's perspective, no substantial risks are apparent that could threaten the continued existence of the Group.

### **Opportunities**

Bertelsmann continually examines the technological opportunities and challenges in the media and service markets. Ongoing R&D efforts at all levels help to identify, analyze and advance potential areas of growth. Assuming a slight general improvement in overall economic conditions, Bertelsmann will see new opportunities for growth and profitability arise through the cost-cutting measures, efficiency increases and innovation initiatives already launched.

A number of emerging opportunities for Bertelsmann divisions are outlined below: For RTL Group, the TV advertising markets in some core markets could develop better than assumed. There are also opportunities in distribution and licensing. At Random House, successful debut publications present opportunities. Gruner + Jahr has moderate opportunities in specific markets through the potential for increasing advertising revenues and copy prices. At Arvato, the successful development of new businesses, particularly in the service sector and through the ongoing trend toward outsourcing, is creating additional opportunities. Direct Group has opportunities through increased cooperation with other businesses.

Bertelsmann's potential opportunities will undoubtedly be impacted by the continued uncertain economic developments. Given the diversification of the portfolio of businesses and its entrepreneurial potential, Bertelsmann still sees itself in a position to convert business opportunities into profits for the Group successfully over the medium to long term.

## **Outlook**

The global economy shrank significantly over the course of 2009. The Kiel Institute for the World Economy estimates the decline at 1.0 percent. Following the severe collapse in the final quarter of 2008 and the first quarter of 2009, the global economy is now in a moderate recovery phase. For 2010, the European Central Bank (ECB) expects the global economy to return to growth. Although the short-term outlook for the world economy seems favorable, the ECB still feels that the strength of the upsurge is uncertain. The emerging countries and the positive effects of the economic stimulus programs worldwide are expected to offer some stabilization. The ECB considers the risks to the global economic outlook to be largely balanced. The ECB also sees positive growth prospects for the world economy in global trade and foreign demand within the euro zone. A slight rise in gross domestic product of about 0.8 percent is expected in the euro zone in 2010.

Despite improved expectations, the ECB feels that the dynamics of the economic recovery will only be modest. This assessment is based on the ongoing problems in the financial sector, the expected rise in unemployment, new increases in the price of oil and other commodities and a growing protectionism. The Institute for the World Economy expects GDP to grow by 2.0 percent in the U.S. and by about 1.2 percent in Germany. The Institute expects rising domestic demand and higher private consumer spending in Germany in 2010.

Traditional media markets in the geographic core markets of Bertelsmann are not expected to grow at all or only very slightly in 2010, while online advertising revenues might grow slightly. In the trend years, the advertising markets overall are expected to stabilize and may even experience moderate growth. In the coming years, the global media industry will continue to be characterized primarily by the progressive digitization of content and distribution channels and by a shift in media usage.

Bertelsmann's planning for the financial year 2010 is characterized by lingering uncertainties in the market. At this time, economic conditions are expected to begin stabilizing in 2010, leading to a slight revenue and earnings recovery compared to the financial year 2009. If the economic expectations for an uncertain and irregular picture in the first months of this year persist, Bertelsmann assumes that Group revenues and operating EBIT will post comparatively moderate overall growth in the financial years 2010 and 2011 and, based on a return on sales of 9.3 percent in the financial year 2009, a gradual movement toward the profitability level of 10 percent. Irrespective of the anticipated market environment, the objective of an average Group-level return on sales of 10 percent throughout the economic cycle remains. Acquisitions are not anticipated to contribute significantly to revenues, as no major investments or acquisitions are planned for 2010 given the continued uncertain situation. The Executive Board's top priority remains actively safeguarding and strengthening the company following the rapid cooling-off of the economy in 2009. Existing businesses are undergoing continuous review to identify further optimization potential, and cost structures are likewise being optimized and brought into alignment with business expectations.

Target financial parameters remain unchanged – in particular the maximum leverage factor of 3.0. Bertelsmann expects to move closer to this internal target in the financial year 2010. Depending on how the economy develops, Bertelsmann does not currently anticipate interest rate changes to have any material impact on the average financing costs of the company's medium- to long-term financing.

It is anticipated that individual divisions will be impacted to varying degrees by the expected economic developments. The following business estimates for 2010 and 2011 are in relation to the financial year 2009 figures. This means above all that they are adjusted for portfolio and exchange rate effects:

RTL Group expects TV advertising markets in the core countries to decline further or remain stable in 2010. RTL Group assumes a stable revenue and earnings trend. Random House expects book markets to be largely stable and revenues and earnings to rise slightly in the financial years 2010 and 2011. Gruner + Jahr expects a slowing downward trend in the magazine advertising market in the financial year 2010. A continued stabilization of the revenue and earnings trend can be expected in 2010 and 2011. The focus in the print business will remain on a cautious investment policy and further cost savings. Arvato expects a slight recovery in its businesses in the financial years 2010 and 2011, although no such trend is discernible at present. Arvato is anticipating a moderate increase in revenues. The expected rise in earnings can be attributed in part to the cost-cutting measures introduced in the financial year 2009, the full effect of which will be felt in 2010. Direct Group expects the business environment to remain difficult and revenues to further decline in 2010 and 2011. The expected improvements in earnings can be attributed to an improved costs structure and the restructuring of business, especially among the clubs.

These forecasts are based on Bertelsmann's current business strategy as outlined in the "Business and Economic Conditions" section. In general, the forecasts reflect a careful consideration of risks and opportunities and are based on operational planning and the medium-term outlook for the corporate divisions. The severity of the economic impact resulting from the economic crisis on Bertelsmann businesses cannot be reliably assessed at this time. All statements regarding potential economic developments represent opinions advanced on the basis of information currently available. Should underlying suppositions fail to apply and/or further risks arise, actual results may differ from those expected. Accordingly, no assurances can be provided concerning the accuracy of such statements.

#### **Dependent companies report**

The Executive Board of Bertelsmann AG has voluntarily submitted a dependent company report to the Supervisory Board in accordance with section 312 (1) of the German Stock Corporation Act, in which it states that the Company received appropriate compensation for all transactions based on the circumstances that were known when the respective transactions were conducted.

The executive board      March 9, 2010

## **Auditor's Report**

We have audited the annual financial statements, comprising the balance sheet, the income statement and the notes to the financial statements, together with the bookkeeping system, and the management report of the Bertelsmann AG for the business year from January 1 to December 31, 2009. The maintenance of the books and records and the preparation of the annual financial statements and management report in accordance with German commercial law and supplementary provisions of the articles of incorporation are the responsibility of the Company's management. Our responsibility is to express an opinion on the annual financial statements, together with the bookkeeping system, and the management report based on our audit.

We conducted our audit of the annual financial statements in accordance with Article 317 HGB and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the annual financial statements in accordance with German principles of proper accounting and in the management report are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Company and expectations as to possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the books and records, the annual financial statements and the management report are examined primarily on a test basis within the framework of the audit. The audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the annual financial statements and management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion, based on the findings of our audit, the annual financial statements comply with the legal requirements and supplementary provisions of the articles of incorporation and give a true and fair view of the net assets, financial position and results of operations of the Bertelsmann AG in accordance with German principles of proper accounting. The management report is consistent with the annual financial statements and as a whole provides a suitable view of the Company's position and suitably presents the opportunities and risks of future development.
